London, Hackney

Passionate Junior Software Developer with a strong background in computer programming. Recently completed Makers Academy's demanding four-month boot camp. Equipped with a high affinity for problem-solving, teamwork, as well as extensive training and practical experience in Software Development. Avidly looking for opportunities to put abilities to use and contribute to cutting-edge Software Development projects. Prepared for lifelong learning and dedicated to remaining current with developing technology.

## Projects

<u>Projects</u>	<u>Description</u>	<u>Tech-Stack</u>
<b>Weather Forecast Website (Solo)</b>	Expertly designed Weather Forecast website with a culmination of powerful technologies and thoughtful design. It harnesses the dynamic trio of HTML, CSS, and JavaScript to create a responsive and interactive user experience. Tailwind CSS ensures a sleek, modern interface, while React takes the website to the next level, enabling seamless data integration from the OpenWeatherMap API. Together, these technologies bring a comprehensive weather platform to life, offering users the latest forecasts and historical data in a user-friendly manner.	-JavaScript -HTML -Tailwind CSS -React -React-toastify -OpenWeatherMap API -Luxon -Unicons
<b>Chess (Solo)</b>	Professionally developed the game logic and move validation algorithms using Javascript, enabling accurate gameplay. Implemented interactive features, such as highlighting invalid moves and giving players instructions based on moves,resulting in a highly engaging and intuitive player experience.	-JavaScript -HTML -CSS
<b>Acebook-Earth (Group)</b>	A Social media platform which allows users to interact, with a very similar concept to facebook. Users can sign up, login and logout securely. Users can post statuses and photos for others to see, they can also like and comment on others' posts.	-JavaScript -Mern -Jest -Cypress

<b>Study-Buddy (Group)</b>	<p>Passionately designed website which allows users from around the world to come together and study on any desired subject. Users are able to register, login and logout securely with a choice of their own avatar. Encrypted chats available with integrated AI, ready to use within the chat function when users have questions. Users can add friends by filtering according to their preference.</p>	<ul style="list-style-type: none"> <li>-JavaScript</li> <li>-HTML</li> <li>-CSS</li> <li>-React</li> <li>-MongoDB</li> <li>-Cypress</li> <li>-ChatGPT API</li> </ul>

## Education & Credentials

### **Makers Academy, London**

#### **Software Development Bootcamp Course, (02/2023 – 06-2023)**

Successfully completed an intensive software development bootcamp with a strong focus on object-oriented design, agile methodologies, pair programming, and Test-Driven Development. Acquired a robust skill set in Ruby, JavaScript, HTML, and CSS, enabling effective collaboration with fellow developers to foster knowledge sharing and skill development. Engaged in pairing and group projects, cultivating excellent communication, teamwork, and adaptability skills. Wholeheartedly embraced the TDD approach, resulting in the creation of robust software solutions and mastery of refactoring techniques to ensure code reliability. Gained hands-on expertise in developing scalable software solutions while consistently adhering to the industry's best practices. Demonstrated a strong problem-solving attitude and made valuable contributions to dynamic software development projects. Furthermore, pursued solo projects, applying the knowledge and skills acquired from the bootcamp to showcase independent capabilities.

### **Just IT Training Ltd, London**

#### **IT Technician Skills Bootcamp Course, (12/2021 – 02/2022)**

Successfully completed a three-month 'IT Skills Bootcamp' that provided in depth training and hands-on experience across various computing platforms. Through this program, I gained in-depth knowledge and practical expertise in CompTIA A+, Windows 10, and Office 365. The bootcamp equipped me with the necessary skills to effectively navigate and utilise these platforms, both in theory and practice.

#### **CompTIA A+ Essentials (passed 03/2022)**

**06/18**  
**A Level:** **Leyton Sixth Form College**  
English Literature (C+), Criminology (C)

**06/16**  
**GCSE:** **The City Academy, Hackney**  
10 A-C grades including Mathematics and English.

## Career Experience

**Harrods – Knightsbridge, London**  
**Service Desk Engineer, (04/2022-07/2022)**

Leveraged Active Directory expertise to analyse servers, manage user accounts as well as taking care of account security. Performed various tasks, including patching/deleting servers, changing tapes, and filling in SPD files. Gained in-depth knowledge of servers whilst working in server rooms. Troubleshooted difficult issues within different tools of Office 365 which helped acquire substantial knowledge and experience.

#### **Key Achievements/Contributions:**

- Recognised by senior management as most valuable player and sharpshooter of the week for attending most tickets.
- Secured money for the company by completing complex tasks within days by using specific codes.
- Successfully achieved helping hundreds of workers to start up and organised their accounts efficiently.

## **Additional Experience**

### **Café E9.ltd – Hackney, London**

#### **Team Lead Manager, (02/2019-11/2021)**

- Responsible for the organisation of workers and the restaurant, making sure both workers and customers got the best experience when inside of the restaurant.
- Possessed the duty of checking for what was needed for the business and was in control of finances.
- Cultivated excellent communication skills whilst keeping an open mind when talking to workers and customers.
- Gained a great aptitude for problem solving and implementing effective solutions to overcome obstacles.

### **APA Security – Wembley, London**

#### **Safety Steward (07/2018-11/2019)**

- Accurately checking and overseeing a wide range of matters including ticketing and full adherence with health and safety requirements in an organised way.
- Responded to customer and attendee enquiries in a consistently constructive, friendly, and empathetic manner.
- Acquired strong team working abilities, dealing with complex situations in often challenging circumstances.
